2011 FL-GA
GAME MANAGEMENT UPDATE SERIES
WILDLIFE FOOD PLOTS
J.R. ALFORD GREENWAY (2500 S PEDRICK RD)
LEON COUNTY PARKS & RECREATION

FRIDAY, APRIL 1ST
Cost: $25
Pre-registration required by March 30th

A program for landowners, managers, hunters, and others interested in conserving and increasing upland game by habitat management, showcasing best practices as determined by field research & trials

Schedule
8:30 – Check-in, refreshments
9:00 – Field tour with talks by researchers and managers at demonstration sites on the J.R. Alford Greenway
12:30 – Picnic lunch (bring a camp chair, or sit on bales)

Topics
1. View successional mowing & disking operations; learn about frequency, timing and wildlife benefits
2. Tour demonstration food plots with Dr. Ann Blount and Dr. Steve Olson (University of Florida/IFAS)
3. Learn how to select the best variety or blend to plant in a particular location
4. Learn the latest techniques for planting (seedbed preparation, use of cultipacker)
5. Learn why some plots seem to be doing well, while others are not

Register and Pay on-line at:
