**Enjoy the wonder of food with DELICIOUS results.  
Bread Baking & Jam-Making**

**Have some fun and learn a skill! Local Family and Consumer Sciences Extension Agent Heidi Copeland invite you and your family to join us for a fun and delicious class. Bread Baking and Jam-Making is a class designed to teach a bit of food preservation and bread baking.**

Family and Consumer Sciences agents love to see families enjoying time together in the kitchen and have designed a class that teaches:

- basic bread baking skills
- art of water bath food preservation

In the class, the family will work together to preserve berry jam and make a loaf of bread to take home.

The cost is \$15 per family; we provide all supplies. (Cost covers up to 3 people per “family”). You do not have to be related, consider “adopting” someone for the class. If you’d like to sign up with a friend or neighbor that works too!

Maximum group size is 15 people.

I look forward to hearing from you.

Sincerely,
